For Immediate Release

THE RNHA ISSUED THE FOLLOWING STATEMENT ON THE PASSING OF LEGENDARY RUSH LIMBAUGH

Washington, D.C. – The Republican National Hispanic Assembly release the following statement:

Today we mourn the loss of America's anchorman. Rush was a friend to millions of Americans; he prepared every day and brought a lifetime of experience. He single-handedly created the era of national political radio talk, providing valuable information, hope, and entertainment to his listeners. It was breathtaking to see President Trump honor him with the Presidential Medal of Freedom at the 2020 State of the Union Address. A true patriot who fought tirelessly for this country. Rush was a wonderful man and one of the great heroic figures of the Conservative movement. His legacy will undoubtedly live forever in our lives and in our hearts.

Our deepest sympathies and prayers are with his wife Kathryn, his family, and all his loved ones, including his followers, whom we know are devastated with this loss.
